To Whom it May Concern:

Recommendation for Anne-Valérie URDIEL

Ms. URDIEL has worked under my supervision for more than 3 years. She worked for the deployment of our professional software for ECOCERT Group. At the beginning, she was employed as an assistant, but her skills and competences opened her to more responsibilities. She moved quickly into a position of a project officer. She finally took over the whole coordination of software's deployment for several companies of the group.

Ms. URDIEL works efficiently with several nationalities on several projects. She knows how to manage a project. She is very well organized and possesses a very good capacity of adaptation. She has good analytical skills, a good long-term vision and an engaging personal style.

Ms. URDIEL is looking for effectiveness and takes initiatives to improve any situation (for her own tasks or for the team). She likes to transfer her knowledge; she has developed very good training skills. Her positive attitude contributed to the good results of the projects.

I recommend her for employment without reservation. I am very grateful for her contributions to our team and very confident that she has the intelligence, work ethic and communications skills to add value wherever she works. Please let me know if you need further information.

Sincerely,

Xavier BEPMALE
Project Manager
ECOCERT Group
