To whom it may concern:

I am pleased to write this letter of recommendation for David Streeter. David worked for me in the IT Department at Howard Brown Health Center. He began here as a Data Quality Specialist and continued to serve with increasing skill in that capacity through January 2005.

During David's service with us I recognized him for his many valuable qualities, and regarded him as an essential part of our team. Very goal oriented, David was always punctual and was dedicated to his work and driven in equal measure by both quality and efficiency.

I would like to be very clear about why David is no longer with us. David is available for new challenges because of his desire to learn and grow further. We would have preferred to see him stay, but understand his need to advance beyond the positions we have available.

In closing, I have no hesitation in recommending David Streeter for any position with which he believes he is qualified. I feel confident he would be an asset to your organization.

Sincerely,

Will Raj
Chief Technology Officer
