

10 September, 2014

Marianne Wolff Lundholt, Associate Professor

Ole Kanstrup is a very good communicator – theoretically well-founded, thorough, and with a writing style that is clear, to the point, and easy to understand. I worked with Ole during my time as Communication Advisor at Danfoss from 2008 to 2012. One of my responsibilities was to edit an internal magazine and web-site in one of the company's divisions. As Journalist/Communications Consultant in the internal communications department, Ole contributed with articles for both channels and I found him very easy to work with. He is a good sparring partner with a confidence-inspiring personality and a delightful sense of humor. Ole writes equally well in both English and Danish. I highly recommend him for any journalist or copywriting position.

Januar 2007

Udtalelse

Ole Kanstrup har siden januar 2001 arbejdet som tekstforfatter og marketing-koordinator i afdelingen, Market Communication Europe, der er en del af den europæiske marketingorganisation af Sauer-Danfoss Gruppen.

For en leder, er Ole er en dejlig medarbejder at have! Ole er fantastisk pålidelig – meget loyal – og når Ole har en opgave, kan man være sikker på, at opgaven bliver færdiggjort. Dette altid uden at skulle rykke eller følge-op.

I team'et har Ole ligeledes været en meget vellidt kollega, som på sin rolige facon og med sin tørre humor er med til at skabe en god stemning i afdelingen.

Fagligt er Ole en meget dygtig og tekstmæssigt kreativ tekstforfatter – både på dansk, men primært på engelsk, som har været ét af Oles ansvarsområder. Oles tekster er velovervejede, grundigt gennemarbejdede, og Ole har en fin evne til at ramme forskellige behov (marketing- vs. teknisk sprog) samt tonen i sproget.

Udover at være ansvarlig for diverse tekstmateriale i afdelingen, har Ole fungeret som koordinator på diverse annonce- og brochureprojekter samt produktpresse-meddelelser. Dette har desuden indebåret al kontakt med fagpressen i Europa samt samarbejde med eksterne reklamebureauer. Ole har tilsvarende udført disse opgaver upåklageligt og på proffessionel, venlig facon overfor både interne og eksterne samarbejdspartnere.

Jeg har oplevet Ole som fagligt ambitiøs, hvilket også har resulteret i Ole's nylige jobskifte. Ole har efter 6 år ønsket nye arbejdsområder, og med forståelse herfor ønsker jeg Ole al held og lykke med sine nye udfordringer. Jeg er sikker på, at Ole i andre jobs vil blive en lige så vellidt kollega samt demonstrere en lige så fagligt kompetent profil, som han har gjort hos os.

Med venlig hilsen

To Whom It May Concern:

This is a letter of recommendation on behalf of Mr. Ole Kanstrup. I have worked closely with Mr. Kanstrup for the past 6 months or so to develop and publish a scientific journal (*Pigment Cell Research*) that I have just taken over as Editor. Mr. Kanstrup served as the Production Co-ordinator for *Pigment Cell Research* and I can attest to his enthusiasm, commitment and expertise in that role. Mr. Kanstrup has been extremely energetic in working with me to redesign and promote *Pigment Cell Research* despite the fact that he has many other journals to manage at the same time. I have been very impressed with his dedication, his work ethic and his commitment to his job and I have only the highest praise for his abilities. I think he would be an extremely valuable resource for any company with which he was associated and I give him my highest recommendation in that regard. Please feel free to contact me directly if you need further information regarding this recommendation.

Sincerely,

Vincent J. Hearing, Jr., Ph.D.

Chief, Pigment Cell Biology Section

Assistant Chief, Laboratory of Cell Biology

Immediate past-President, *International
Federation of Pigment Cell Societies*

Editor, *Pigment Cell Research*

Til hvem det måtte vedrøre

13. oktober 2000

I perioden 15. september 1999 til 1. juni 2000 var Ole Kanstrup ansat i et barselsvikariat i Munksgaards redaktion for videnskabelige tidsskrifter.

Ole Kanstrup var ansvarlig for produktionen af en række videnskabelige tidsskrifter. Alle tidsskrifterne er på engelsk, hvorfor der kræves et grundigt kendskab til det engelske sprog. Dette mestrede Ole Kanstrup til fulde.

Ole Kanstrup tilegnede sig hurtigt kendskab til arbejdsprocesserne og kommunikerede dagligt med redaktører i Europa og USA, leverandører i ind- og udland, samt forfattere fra alle verdens lande.

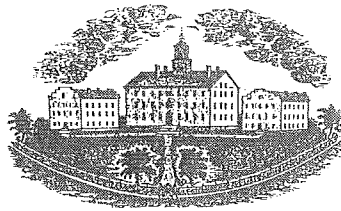

Ved vikariatets afslutning tilbød Munksgaard Ole Kanstrup en fast stilling, men han havde allerede på det tidspunkt fundet anden beskæftigelse.

Vi kan anbefale Ole Kanstrup som en yderst samvittighedsfuld og grundig medarbejder, der er i besiddelse af en behagelig adfærd.

OHIO UNIVERSITY

To whom it may concern,

February 26, 1998

I had the pleasure of working with Ole Kanstrup in the Winter of 1997 when he enrolled in my graduate course in American Constitutional Law. Because of the size of the class, I did not have the opportunity to get to know Mr. Kanstrup on a very personal level.

In the class, Mr Kanstrup's performance was simply outstanding.

Facing a very heavy reading load of cases and essays related to perennial themes in American Law, Mr. Kanstrup showed that he has a fine gift for writing and the ability to parse difficult issues in a persuasive and insightful manner.

I have absolutely no hesitation on recommending him for further work.

Please contact me if I can be of any service.

Sincerely yours,

A handwritten signature in dark ink, appearing to read 'J. Gilliom'.

To Whom It May Concern:

I am writing in behalf of Ole Kanstrup, who was my student this spring in a course on the U.S. in the 1960s. In that course, Ole proved himself to be an intelligent, articulate, and hard-working young man. Although he received A's on his written exams and research paper assignment, Ole most distinguished himself in oral discussion of the course material. Like all other students enrolled in the course for graduate credit, Ole was required to attend biweekly discussions of scholarship written by some of the major authorities in the field of 1960s history. In these discussions, Ole demonstrated an ability to read critically, think analytically, and listen carefully. More importantly, he demonstrated a talent for presenting a clear, well-reasoned oral argument. He also frequently displayed a delightful sense of humor. With his scholarly abilities and excellent English-language skills, Ole made a significant contribution to these discussion sessions and enriched the experience for all involved. I highly recommend Ole Kanstrup for any appropriate academic program or employment position.

Sincerely,

Katherine Jellison
Associate Professor
