- **Synthesis ability**
- **Open-mindedness**

COMMUNICATION

- Market **intelligence**
- **Press reviews**
- Work on **Photoshop, Outlook** and **Acrobat**
- **Data research** and crosschecking
- **Website update**

THE COMPANIES THAT TRUSTED ME

➤ **FILTRAUTO (headquarters)** – Guyancourt (78)

My main task was the company's website update. Thus I collected data among the different entities – plants, communication agencies, field sales force... - and then wrote the different rubrics. I also worked on the pictures with Photoshop and then embedded them in the text. Moreover, I created, either in French or in English, communication tools such as leaflets, sales pitch, corporate presentation. Finally, I translated et reread the columns of the English version of Purflux catalogue.

➤ **INTERNATIONAL CONFERENCE** : « Problèmes arctiques : environnement, sociétés et patrimoine » – Paris

During this mission, I welcomed all the participants. I also helped the contributors during their presentations, mostly for computing issues. De même, j'ai orienté et informé les participants.

➤ **FRANCE MINIATURE** – Elancourt (78)

I took charge of the groups of visitors once arrived in the park. I made commented tours of the park, taking the groups' diversity into consideration. I adapted myself to the various group characteristics, mostly according to the average age. I also could handle visits in English for the numerous groups of foreign tourists, thanks to my knowledge in English.

LANGUAGES

➤ **Bilingual English**

Travels: the United States and England – **information research** for my **Master thesis**

➤ **German** : notions

STUDIES

➤ **Post-graduate degree (Master) in Communications (Advertising)** at ISEE (Business school)
